Before executing the transfer of funds to your forexcent deposit, remember the following:

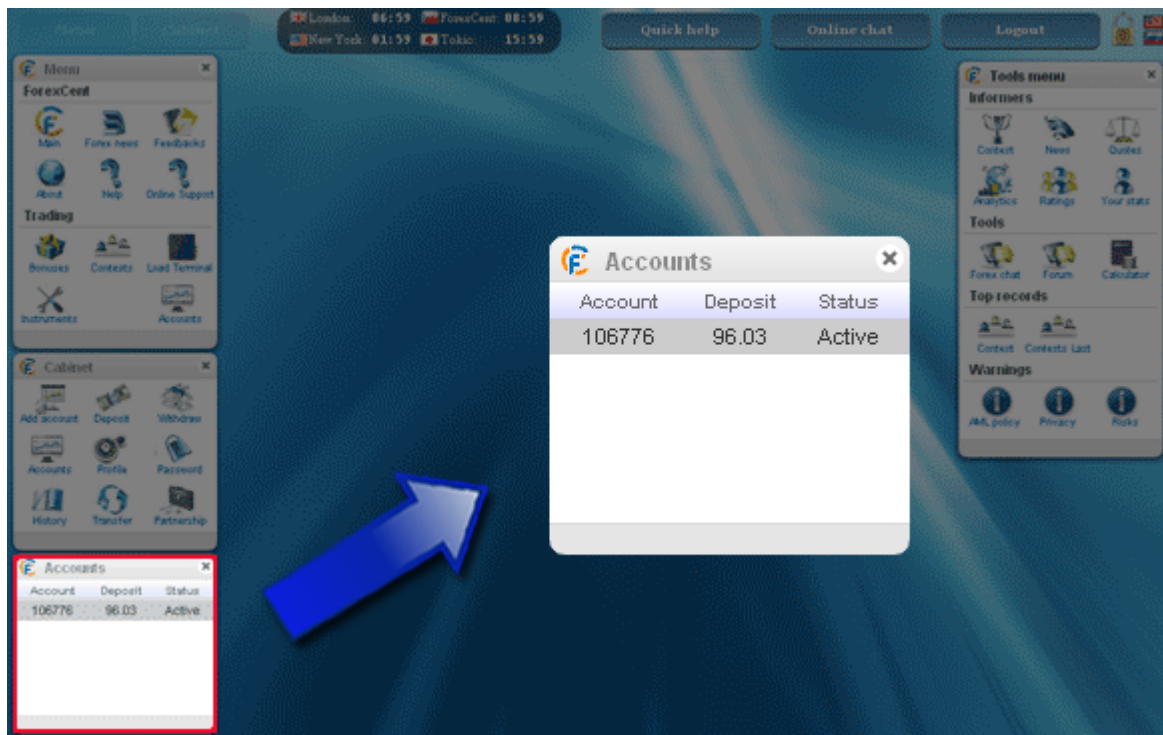

**You can withdraw your money only in that the payment system and only the wallet from where the payment was made initially.**

This restriction is set for greater safety and security of your funds. When you first funded your deposit of specific webmoney wallet, then later you can withdraw money only for the same wallet. In the case of multiple payment systems, the output will be proportional to these payment systems.

To transfer funds to your trading deposit, make the following:

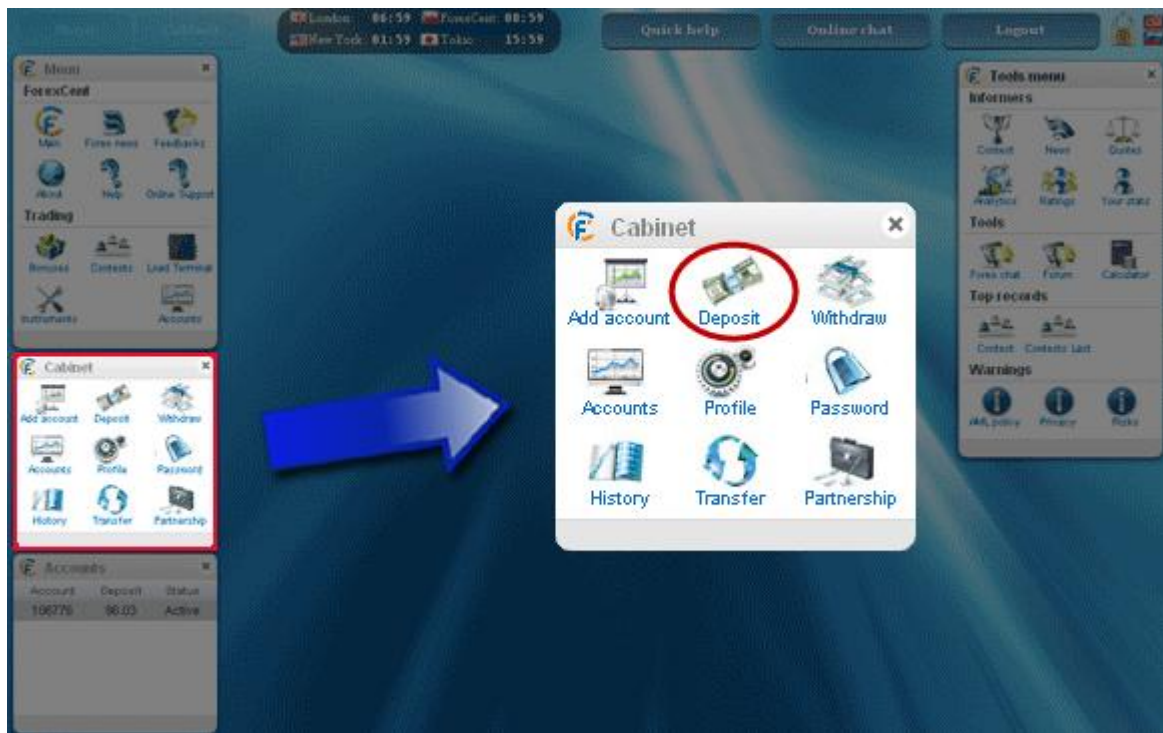

1. Sign in to your account on the site [www.forexcent.com](http://www.forexcent.com).

Pay attention to state of your deposit in the "Accounts".

In this case, you have on your deposit 96.03USD.

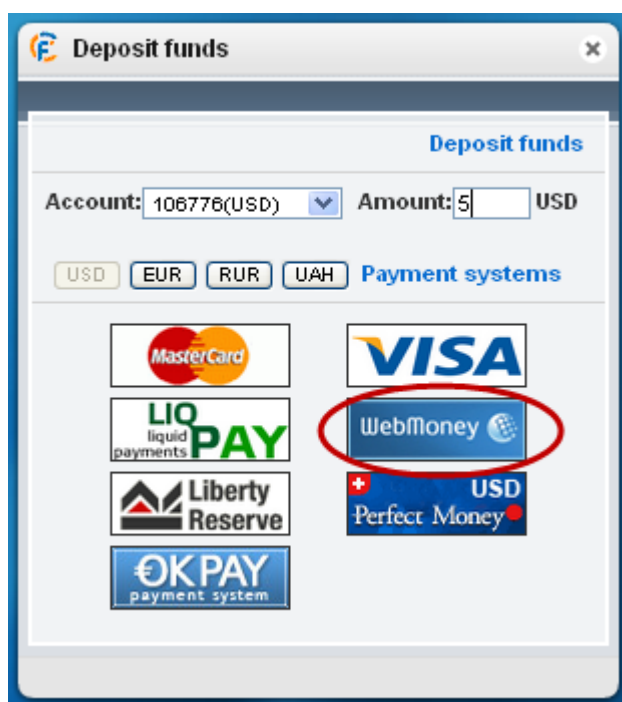

2. Click on the "Deposit" icon in the "Cabinet" on the forexcent.

3. Select all preferred parameters in the "Deposit".

Select the number of revolving accounts and the amount of replenishment. In this case, is \$ 5.

Click the logo of the webmoney payment system.

4. After clicking on the webmoney logo, window will open at the site of this payment system.
